

**DND/MUR MODULE**

**TECHNICAL DATA**

|                       |   |
|-----------------------|---|
| Device                | ITR630  |
| Power Supply          | EIB Power Supply<br>Extra 12-24V DC for LEDs            |
| Power Consumption     | KNX: 10mA<br>12-24V DC: 22mA                            |
| Mode of commissioning | S-Mode  |
| Type of protection    | IP 20   |
| Temperature Range     | Operation (- 5°C ...55 °C)<br>Storage (- 25°C ...70 °C) |
| Maximum air humidity  | <90 RH  |
| Mounting              | Flush Mounting  |
| Certification         | EIB-Certified   |

The DND/MUR (Do Not Disturb / Make Up Room) module is a simple way for guests to communicate with staff from their room. Either don't want to be disturbed or need your room to be cleaned, it is as simple as touching a button. The product includes a doorbell button to announce visitors in a kindly way. Besides, optionally the doorbell can be disabled whether the "Do Not Disturb" is active.

Module needs an extra 12-24V VDC power supply for LEDs.

KNX bus enables information exchanges with sensors and the integration with a building management system.

The outdoor module can be customized with the room number, icons (Do Not Disturb / Make Up Room), logo and name of the hotel. Hotels can simply integrate our technology into their own design.

**FUNCTIONS**

- DND (Do Not Disturb)
- MUR (Make Up my Room)
- Doorbell

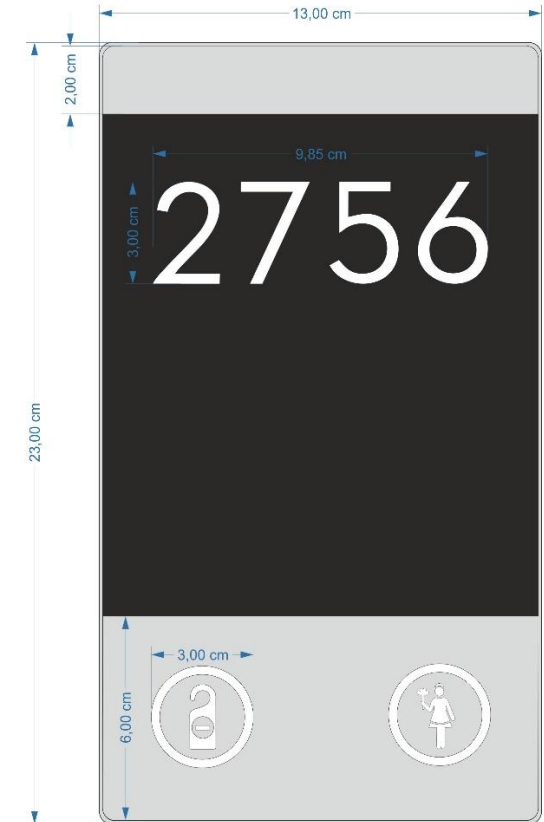

**CONFIGURATION**

The complete configuration of the device is performed via ETS3 or higher.
